1981 RELATIVE WEALTH OF COMMUNITY AND RELATIVE LOCAL SUPPORT FOR OPERATING LIBRARY BOARDS

- This table is arranged by size of population served by the library board with county libraries listed at the end.

- The figures reported for population, local tax revenue (including payments in lieu) and equalized taxable assessment were supplied by the Ministry of Municipal Affairs and Housing. The figure for local support for the library was taken from the Annual Survey of Public Libraries 1981.

- A Word of Caution: Generally a municipality that shows a high library support as a percentage of tax revenue figure may be assumed to put a high priority on library service. However, a lower percentage of local tax revenue going to the library does not always mean a municipality is giving less support to the library than its neighbouring municipality; the neighbouring municipality may be offering fewer municipal services and have as a result a lower tax bill. Similarly the equalized taxable assessment per capita does not always show the true wealth of a community particularly in the vacation areas of the province or where the community has a lot of tax exempt insitutions. When using the table to compare one library with another be sure the two municipalities are offering the same municipal services and are similar types of communities.

COUNTY LIBRARIES (NOTE: Population is the population actually served while Equalized Taxable Assessment is for the total county; for this reason ETA per capita is not applicable (N/A). Waterloo and Wentworth are regional municipalities. Regional municipalities have a much more comprehensive list of functions than counties and hence collect greater revenues. This accounts for the "library support as percent of tax revenue" figure for Waterloo and Wentworth being significantly lower than for the other county libraries. In the case of the following upper tier municipalities local tax revenue is upper tax revenue only.
